

EcoVisio in Action - November 2019

`What to do with leaves?` - new InfOrganic video

Even though autumn is almost gone, it's important to understand that dry leaves are not trash, they are a part of nature and a reliable ally for soil and plants. This is the topic of our latest InfOrganic video, in which we highlight just how useful dry leaves can be, and how dangerous it is to burn them. Watch the video above or see our collection of flyers [here](#)

What We've Been Up To
